THE HYDROMAGEN, OR Water Proof, Anti-Consumptive CORK SOLES,
MANUFACTURED BY
HARCOURT, BRADLEY & CO.,
44 Market-Street, Manchester.

Principal Warehouse, 102 Wood Street, Cheapside, London, England. American Establishments, 38 Ann Street & 102 Nassau Street, New York, U. S.

THE Hydromagen is a valuable discovery for protecting the feet from damp or cold, and therefore a preventative of many Lung diseases, without any doctoring whatever. The Hydromagen is in the form of a sole, and worn inside the boot or shoe.—Its medicated character is a powerful antidote to disease.

For Gentlemen it will be found agreeable, warm, and healthy, to wear in the coldest or rainiest weather, as the foot cannot become wet if the Hydromagen is inserted. Ladies may wear the lightest solid boots or shoes in the most inclement weather with impunity; while Consumption, so prevalent among the young of our country, may be thwarted by their general adoption. They entirely supersede other shoes, as the latter cause the feet to perspire in a very unhealthy manner; and, besides, are not dangerous to wear to pedestrians in icy weather, like India rubbers. While the latter cause the feet to appear extremely large, the Hydromagen, being of more thin slice of cork prepared, peculiarly placed inside, does not increase the size of the boot, or cause the foot to appear untidy. To Children they are extremely valuable, as they may engage in exercise with comfort and healthy effects. Their expense is so slight as to scarce need mention; besides, those who patronize them will find their yearly doctor's bills much diminished thereby.

As the Hydromagen is becoming more known, its sale is increasing to an almost incredible extent.—Last year in London, Manchester, Birmingham, Liverpool, Glasgow, Leeds, Dublin, Paris, Antwerp, Hamburg, and Berlin, our sales reached 1,732,450 pairs of Cork Soles. This year the number will far surpass that.

Ask the Faculty their opinion of their value as a preventative for Coughs, Colds, Bronchitis, Asthma, and Consumption.

AYER'S PILLS,

A new and singularly successful remedy for the cure of all Bilious diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Nervousness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; besides it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They all tend to become or produce the deep seated and formidable distempers which load the bowels all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing hitherto known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we may mention: Dr. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the Hon. EDWARD EVERETT, Senator of the U. S. ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives. AMBROSE LAWRENCE, Minister Plen. to England. JOHN B. FITZPATRICK, Cath. Bishop of Boston. Also, DR. J. R. CHILTON, Practical Chemist, of New York City, endorsed by Hon. W. L. MARCY, Secretary of State. WM. B. ASTOR, the richest man in America. S. LELAND & Co., Proprietors of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates, from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effects upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of composition for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved more purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulae by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mysteries.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills, and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

15,401 Presents, amounting to \$70,000
The person who orders either of the above Magazines from us subjects himself to no risk whatever! as the full value of his money, \$3.00, is received in the Magazine alone, and is entitled and will receive, upon receipt of the money (sent at our risk) to a numbered ticket to be used at the distribution of Presents, which we are now confident will take place as early as the first day of January next. The Presents will be put into the hands of a responsible Committee appointed by the subscribers themselves after the tickets have all been disposed of.

The undersigned would impress upon persons desirous of embarking in this truly magnificent and Wonderful Enterprise the necessity of sending on their orders at once, in order that we may perfect our arrangements and bring the Enterprise to a speedy and happy termination, as we shall have the distribution take place at as early a day as possible. The Magazines will be promptly mailed to any address desired from the publication offices. *Again we would say, send in your orders early, designating which of the Magazines are ordered.*

It may seem rather incredulous that we should undertake to supply the Magazines at the regular subscription price and still afford to make so many valuable Presents; but we would remind the reader of the old adage, that 'UNION IS STRENGTH,' therefore by combining the strength of One Hundred Thousand subscribers to the popular Monthlies of the day, and making a special contract with the Publishers for a large number of their publications, we are enabled to do what we propose. This is the secret of our Enterprise. Do you think well of the project? Will you give us your order?

As soon as the Presents are awarded, holders of Tickets will be promptly notified what Presents they are entitled to, when they should immediately inform the undersigned how they will have them forwarded.

All orders should be plainly addressed—
WILLIAMS & SPRAGUE,
Fultonville, Montgomery Co., N. Y.

N. B.—In order that there may be no error in mailing tickets from us, we would suggest the propriety of persons who may favor us with their orders, that they send a pre-paid envelope with their address plainly written upon it.

THE CHEST.

SIR ASTLEY COOPER, BART., M. D.,
THE EMINENT MEDICAL PRACTITIONER, HAS LEFT A VALUABLE LEGACY TO THE WORLD IN HIS
Great Preventative of Consumption,
AND
UNFAILING CURE FOR PULMONARY DISEASES.

Without the use of Medicine.
Sir A. C., Bart., invented and advised the use of the **MEDICATED FUR CHEST PROTECTOR.**

To all persons of all ages and conditions, as a certain and a safe shield against those fearful diseases, Consumption, Bronchitis, Asthma, Coughs, Colds, and other affections of the Lungs, which arise from the exposed state of the chest, according to fashion, and the continual changes of our climate. "The Protector" is simply a chemically prepared fur, lined with silk and padded, which, suspended from the neck, covers the chest, in so agreeable a manner that, once worn, it becomes a necessity and a comfort. "The Protector," although but recently introduced into America, is making rapid progress through the United States, the Canadas, South America, and the West Indies. It has for a long time been a staple article in England and on the continent of Europe, while it has grown in many countries to the position of an article of dress.

To demonstrate these facts enquire of any English resident in your vicinity of his knowledge of the beneficial effects of wearing the Protector, without recourse to doctoring of any kind. The cost of wearing these articles is a mere trifle, and one will last some years. No one who values the health of himself or his family will be without them. The Hospitals in this country are not alone recommending them, but rapidly introducing them. Harcourt, Bradley & Co., of London, and Manchester, England, were originally entrusted with the manufacture of the Protectors, by the lamented Dr. Cooper, and continue to manufacture according to his original instructions, and therefore recommend those who would wear "The Protectors," to see to their being genuine.

REMEMBER, this is a staple article, and no Patent Medicine.
